

Dear Lovey Dovey;

We couldn't have been more pleased with your service. When it came time for the dove release part of the ceremony, you were there exactly where and when you said you would be. You were not only professional and courteous but respectful and reverent of the occasion. You helped us through the process of the release itself so that everything went smoothly and was even more than what we had hoped for.

The moment of the release was one of the most special and unique moments of our lives and one that we will never forget. As we watched the doves lift into the sky, we felt as though our hearts soared with them

All of our guests agreed that it was a beautiful, moving, and memorable experience and something that they were grateful to have been part of.

The cost of your service was minimal compared to the joy that it brought to everyone that witnessed it that day and we believe was truly one of the best values of any of our wedding expenses.

We would gladly recommend you and your service to anyone who wants to have a unique and memorable way of celebrating or remembering a special day or event in their lives. It is something that not only honors the occasion and those present but yourself and the doves as well.

Thank you so much again.

Sincerely,  
Mr. and Mrs. Janse
